

Agr International, Inc. has served the packaging industry as a leading supplier of quality assurance equipment for over 90 years. We offer a wide range of equipment for the laboratory and on-line container production settings. Our equipment incorporates multiple technologies including infrared light absorption, sonic, capacitive sensing and vision-based technology.

Agr International, Inc. is located in Butler, Pennsylvania (approximately one hour north of Pittsburgh). For additional information about our company and products, please visit our website at www.agrintl.com.

We are seeking a Machine Operator with the following qualifications:

- High school graduate or equivalent, along with a basic understanding of machine shop principles.
- Vo-tech or machine shop courses would be a plus.
- Must be able to read and interpret drawings and shop orders
- Excellent shop math and trigonometry skills
- Experience using measuring equipment.
- Ability to identify and inspect incoming raw materials.
- Some heavy lifting required (25 to 50 lbs.)

We offer a competitive salary and comprehensive benefits package.

For consideration, please email resume and cover letter to machine@agrintl.com.
U.S. Workers only. EOE.
