

Agr International, Inc. is located in Butler, Pennsylvania (approximately one hour north of Pittsburgh). The company has served the packaging industry as a leading supplier of quality assurance equipment for over 90 years. We offer a wide range of equipment for the laboratory and on-line, factory-floor, container production settings.

We are seeking a **Regional Sales and Service Director – U.S. and Canada** to direct the sales and field support of Agr products and services. The Regional Sales and Service Director is responsible to increase sales of Agr products within the region while also ensuring customer satisfaction via effective oversight of the Technical Service Department.

This position reports directly to the Chief Operating Officer.

Qualified candidates will possess:

- Bachelor's degree in business or technical field, MBA preferred.
- Minimum 5 years of sales management experience.
- Minimum 8 years of successful capital equipment sales experience.
- Beverage or food packaging industry experience preferred.
- Field service management experience is a plus.

Travel Requirements: 150 customer visits per year or 100 – 125 travel days per year

Agr offers a competitive salary and comprehensive benefits package.
